Product Data Sheet

Airless Paint Sprayer Cleaner

DESCRIPTION: TruCleanEX Airless Paint Sprayer Cleaner is formulated from environmentally safe solvents and surfactants and is a non-flammable alternative to mineral spirits permitting safer disposal of materials. Regular use prevents paint build-up on internal parts of the spray machine and spray gun. Works on non-operational units due to excessive paint build-up. Product may be used multiple times for increased economy.

- Cleans filter and internal parts
- Non-flammable
- Safer than Mineral Spirits
- Regular use prevents paint build-up
- Cleans spray gun
