

MX-3 Complete Mildewcide™ is the Right Choice when Battling Mold, Mildew and Algae.

MX-3 now takes up where other additives leave off.

MX-3 Complete Mildewcide provides the broad-spectrum fungicidal capability other additives cannot, without hurting the environment. Our new cutting edge biocide carrier is non-toxic and does not contribute to the odor or VOC of paint.

MX-3 Complete Mildewcide is compatible with virtually every available aqueous and non-aqueous paint formulation tested, making it both versatile and cost effective.

PRODUCT FEATURES:

- Inhibits Mold, Mildew & Algae
